Extract from the Bean.

Dr. Price's Delicious Flavoring Extract of Vanilla is extracted from the true Vanilla Bean obtained from Mexico.

This popular flavor, as made by Dr. Price, embodies all the delicate aroma of this agreeable fruit, and is free from the strong, rank taste of those extracts sold as Vanilla, which are made from the cheap tonqua or snuff bean.

If something pure and nice is wanted to flavor cakes, pies, creams, or puddings, use Dr. Price's Delicious Flavoring Extracts, and the housewife will never be disappointed.
